

# Pathways to Leadership

## Self-managed member services

### Our Values

We think that each of us has the right to choose the kind of life we want.  
We think that each of us should have control over what happens to us.

This means that each of us can decide what we want to do in life. Things like getting a job, playing a sport, or deciding where we want to live.

We won't tell you what to think, or what to do.  
We are here to help you decide for yourself.

We support you to manage your own funding.  
And support you to live in your community.  
We do not deliver programmed services.

### Our Role

We want you to have a good life, so we help you with the money and paperwork side of things. All our members will have a life plan and a matching budget. This means you have less worry and can get on with having a good life.

#### We can:

- support you to plan for a good life
- set up an on-line system so you can manage your money
- teach you how to use the system
- suggest how and where you can find support workers
- talk about insurance and worker pay rates
- link you to other services
- help you with work agreements and other paperwork
